VOLUME 41

Foreword

The El Portal staff of 1963 would like you to reminisce through these pages with Robin as he dreams of the Land of Enchantment. We the students of T.J.U.H.S. follow him as he dreams of adventure, fun, and happiness.

In some lands await the excitement of sports, in others we find dances and fun-filled activities. Thinking back with Robin, we remember the past and begin to think more earnestly about the future. A future that holds for us many wonderful and thrilling opportunities.

DEDICATION

It is with great pleasure and delight in dedicating our current El Portal to the class of Nineteen Hundred and Sixty Three. For the Seniors it's a sad thing, for they leave behind a lot of memories--but it's been a lot of fun, work, and success for them. And so, we come to the end.

In a few days the class of Nineteen Hundred and Sixty Three will be ready to receive in their traditional caps and gowns the diplomas that they have long awaited. As the old doors close and the new open we wish them all the success and happiness they deserve.

A boy named Robin gazes out his window and wishes that he could go to a far off land of fun and happiness.

That night he dreams he is Captain Robin aboard a dream ship bound for Sweet Tooth Island.

One of the crewmates sees the island through the spy glass and shouts, "land HO!"

ADMINISTRATION

The ship stops at Peppermint Bay and Robin with the crew row to shore where they are warmly greeted by the islanders.

The princess gives a magic locket to him and appoints Dumpy as Robin's guide.

Meanwhile, in a castle on a hill in Forbidden Forest, a wicked witch sees what is happening in her crystal ball.

SUPERINTENDENT'S MESSAGE

Yearbooks hold a very special place in the lives of high school seniors, and we know this edition of El Portal will be treasured by Tracy High's 1963 graduates for the charming and delightful memories it will recall.

The four years at Tracy High which began with registration week in August 1959 and closed with graduation in June 1963 have provided the members of the class of '63 with a background of formal education and a set of "growing up" experiences unlike those who preceded and those who will follow them.

The teachers, counsellors, administrators classified staff, and governing board members whose pictures appear herewith were members of the educational team that helped to write a new and important page in the educational lives of the

members of the class of 1963.

As the years are recorded into our space age history, and alumni flip back through these pages of El Portal, viewing the pictures, glancing at printed captions, grinning and chuckling at handwritten messages by classmates, that experience will most surely provide the reader with a delightful journey into the "Land of Enchantment."

BOARD of TRUSTEES

MR. VERLIN N. BURCHARD

P R I N C I P A L

MR. HARVEY MILLER

My sincere congratulations to the El Portal staff and advisor for planning and producing this attractive and informative book. The Theme, "Land of Enchantment," is most certainly an appropriate description of these pages. The phrase itself suggests an enjoyable fun-type of experience, and we sincerely hope that your school year has been one of enjoyment and pleasure.

We also hope that this has been a year of educational progress for each of you. With the ever increasing demands that are being placed upon the schools, and therefore upon you the students, one can ill afford to waste his time or to use it to only a partial advantage. In order to be fair to yourself, your parents and to all those who are contributing toward your educational opportunity, you should periodically pause and evaluate--How much time have I been investing in my education--what am I accomplishing?" Quoting the famous Carl Sandburg,

"Time is the coin of your life. It is the only coin you have and only you can determine how it will be spent. Be careful lest you let other people spend it for you."

OFFICE STAFF

I am grateful to the El Portal staff for this opportunity to greet Tracy Joint Union High School's fine student body. Twenty pleasant years in "school business" have preceded my move to Tracy. They were in Long Beach, Visalia and Dinuba. Along the way there were seven years in Alaska, part of which were as business manager of Sheldon Jackson High School and Junior College, the oldest school in our far-north state. In each of those years, and this year in Tracy, my inspiration has come from the knowledge that the function of the business office has contributed to the welfare and progress of the students.

Robin and Dumpy come to crossroads and decide to go to Ice Cream Mt.

There they rowed boats in Lemonade Lake.

The witch plans to take the magic locket from Robin; Then she can rule the whole island. She tells her servants to capture the two and throw them into the dungeon.

On the way to Popcorn Valley the witch appears in a cloud of smoke before Robin and Dumpy. She tries to get Robin to give her the locket.

CLASSES

He refuses and the witch and two of her servants fly to her castle where Robin and Dumpy are to be locked up until they change their minds and give the locket to her.

POPCORN
VALLEY

Robin wonders why the witch wants his locket. He doesn't know it can grant wishes and in the hands of the witch this could mean harm to the islanders.

In the dungeon they notice some broken bars in a window. If Robin can get up there he could squeeze through the hole and run to get help.

The witch sends out smoke demons from her caldron to write a message in the sky over the castle.

The demons turn into smoke as they spell out the message. All the fighting stops for a minute while Robin and the witch's servants read the threat. Robin must give up the locket to save the princess.

The battle resumes as the message starts to disappear.

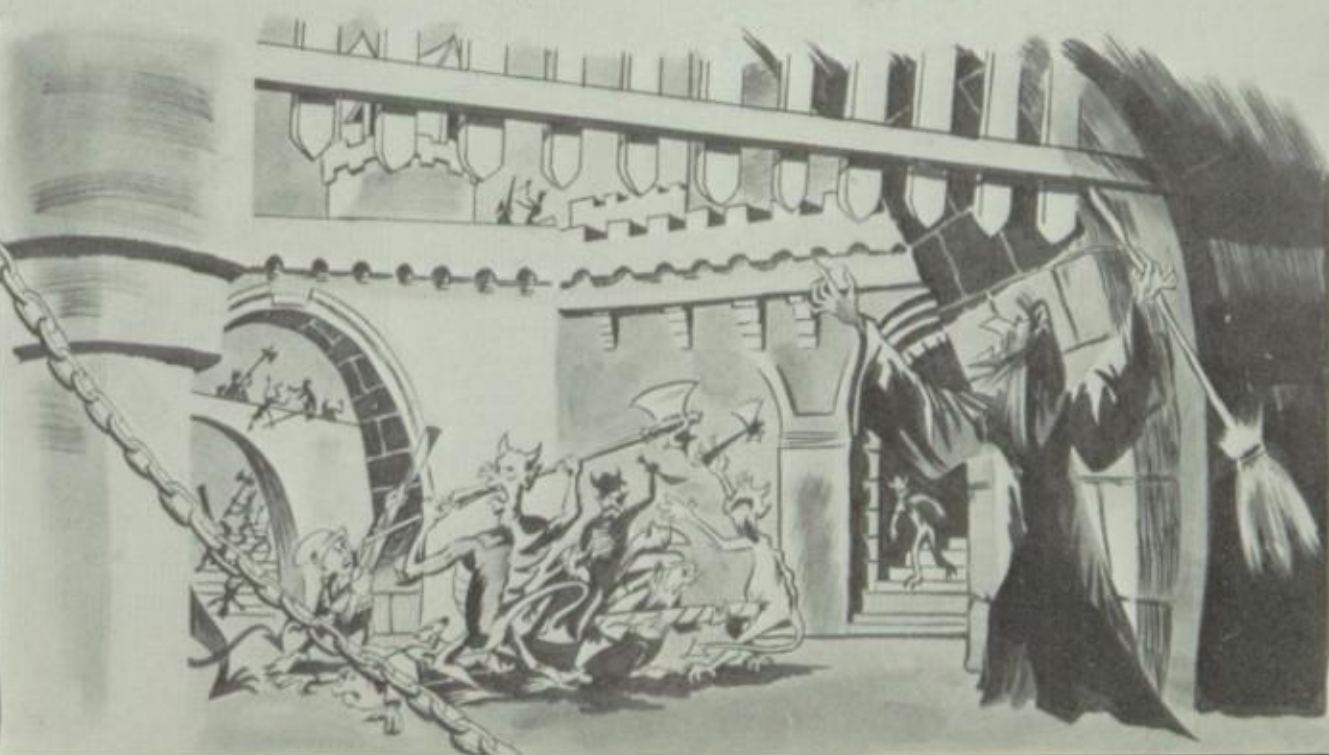

As the witch returns she gives the command to stop fighting while she finds robin.

She searches the castle and finds him in her den.

If he gives up the locket he goes free.

The princess is saved, and the witch rules the island.

ACTIVITIES

Robin grabs one of the torches from the wall and throws it on the witch. She melts and burns into a puddle on the castle floor as Robin and some of her servants watch her disappear.

FOREIGN EXCHANGE STUDENT

I was born in Svendborg, Denmark, a town with a population around 24,000 people. I have lived in that town since I was born.

I attended and graduated from a school called "Byskolen" with about 400 students, age from 7 to 17 years.

My stay in Tracy is sponsored mainly by Tracy Rotary Club and my own family's contributions.

I enjoy being here so much that it is hard to describe it. It is the most wonderful experience to be here, and I have met a friendliness that is almost overwhelming. People are so nice and have helped me with everything. I am afraid it will be hard for me to leave, I love being here!

The Forensic Squad of 1962-1963 is composed of 133 students who are registered in four classes. Only the ones who competed in the Yosemite Forensic League Tournaments are included in the photographs, however. To date, the team has won several individual awards in Debate, Extemporaneous Speaking, Impromptu Speaking, Original Oratory, Humorous Interpretation, Dramatic Interpretation, and Oratorical Interpretation. In the very first tournament of the season they also won the B Division Sweepstakes award for Tracy High. The Sweepstakes award symbolizes the highest average of any school participating. There are 21 high schools in the Yosemite Forensic League of which Tracy is a member. The YFL is one of the 12 regions of the California State Speech Council. There is no size classification of member schools. The competition is unlimited.

The witch mixes poisons. She tells Robin he has only ten minutes to make up his mind or both of them will die.

When she leaves Robin and Dumpy try to find a way to escape.

They pile chairs and crates until Robin can be boosted up to escape.

He runs back to Peppermint Bay and tells the islanders and the princess what has happened. The islanders break off peppermint sticks and prepare to battle with the witch and her servants.

SPORTS

A huge battle takes place at the castle.

Peppermint sticks are easily broken by the servants large axes.

The witch swoops down and grabs the princess; her hands are tied; she is gaged and taken to Bat Cave.

If the islanders want to see their little princess again, Robin will have to give her the locket or else the princess will be left there to die.

Strike him out Phil.

Will he hit that ball?

Phil winds up to pitch.

He's safe!

S N A P S

To Robin's surprise the servants dance around him in glee, shouting you have freed us from the witch's ugly trance. We are again free. Hail to Robin!

Robin then makes a wish with the magic locket.

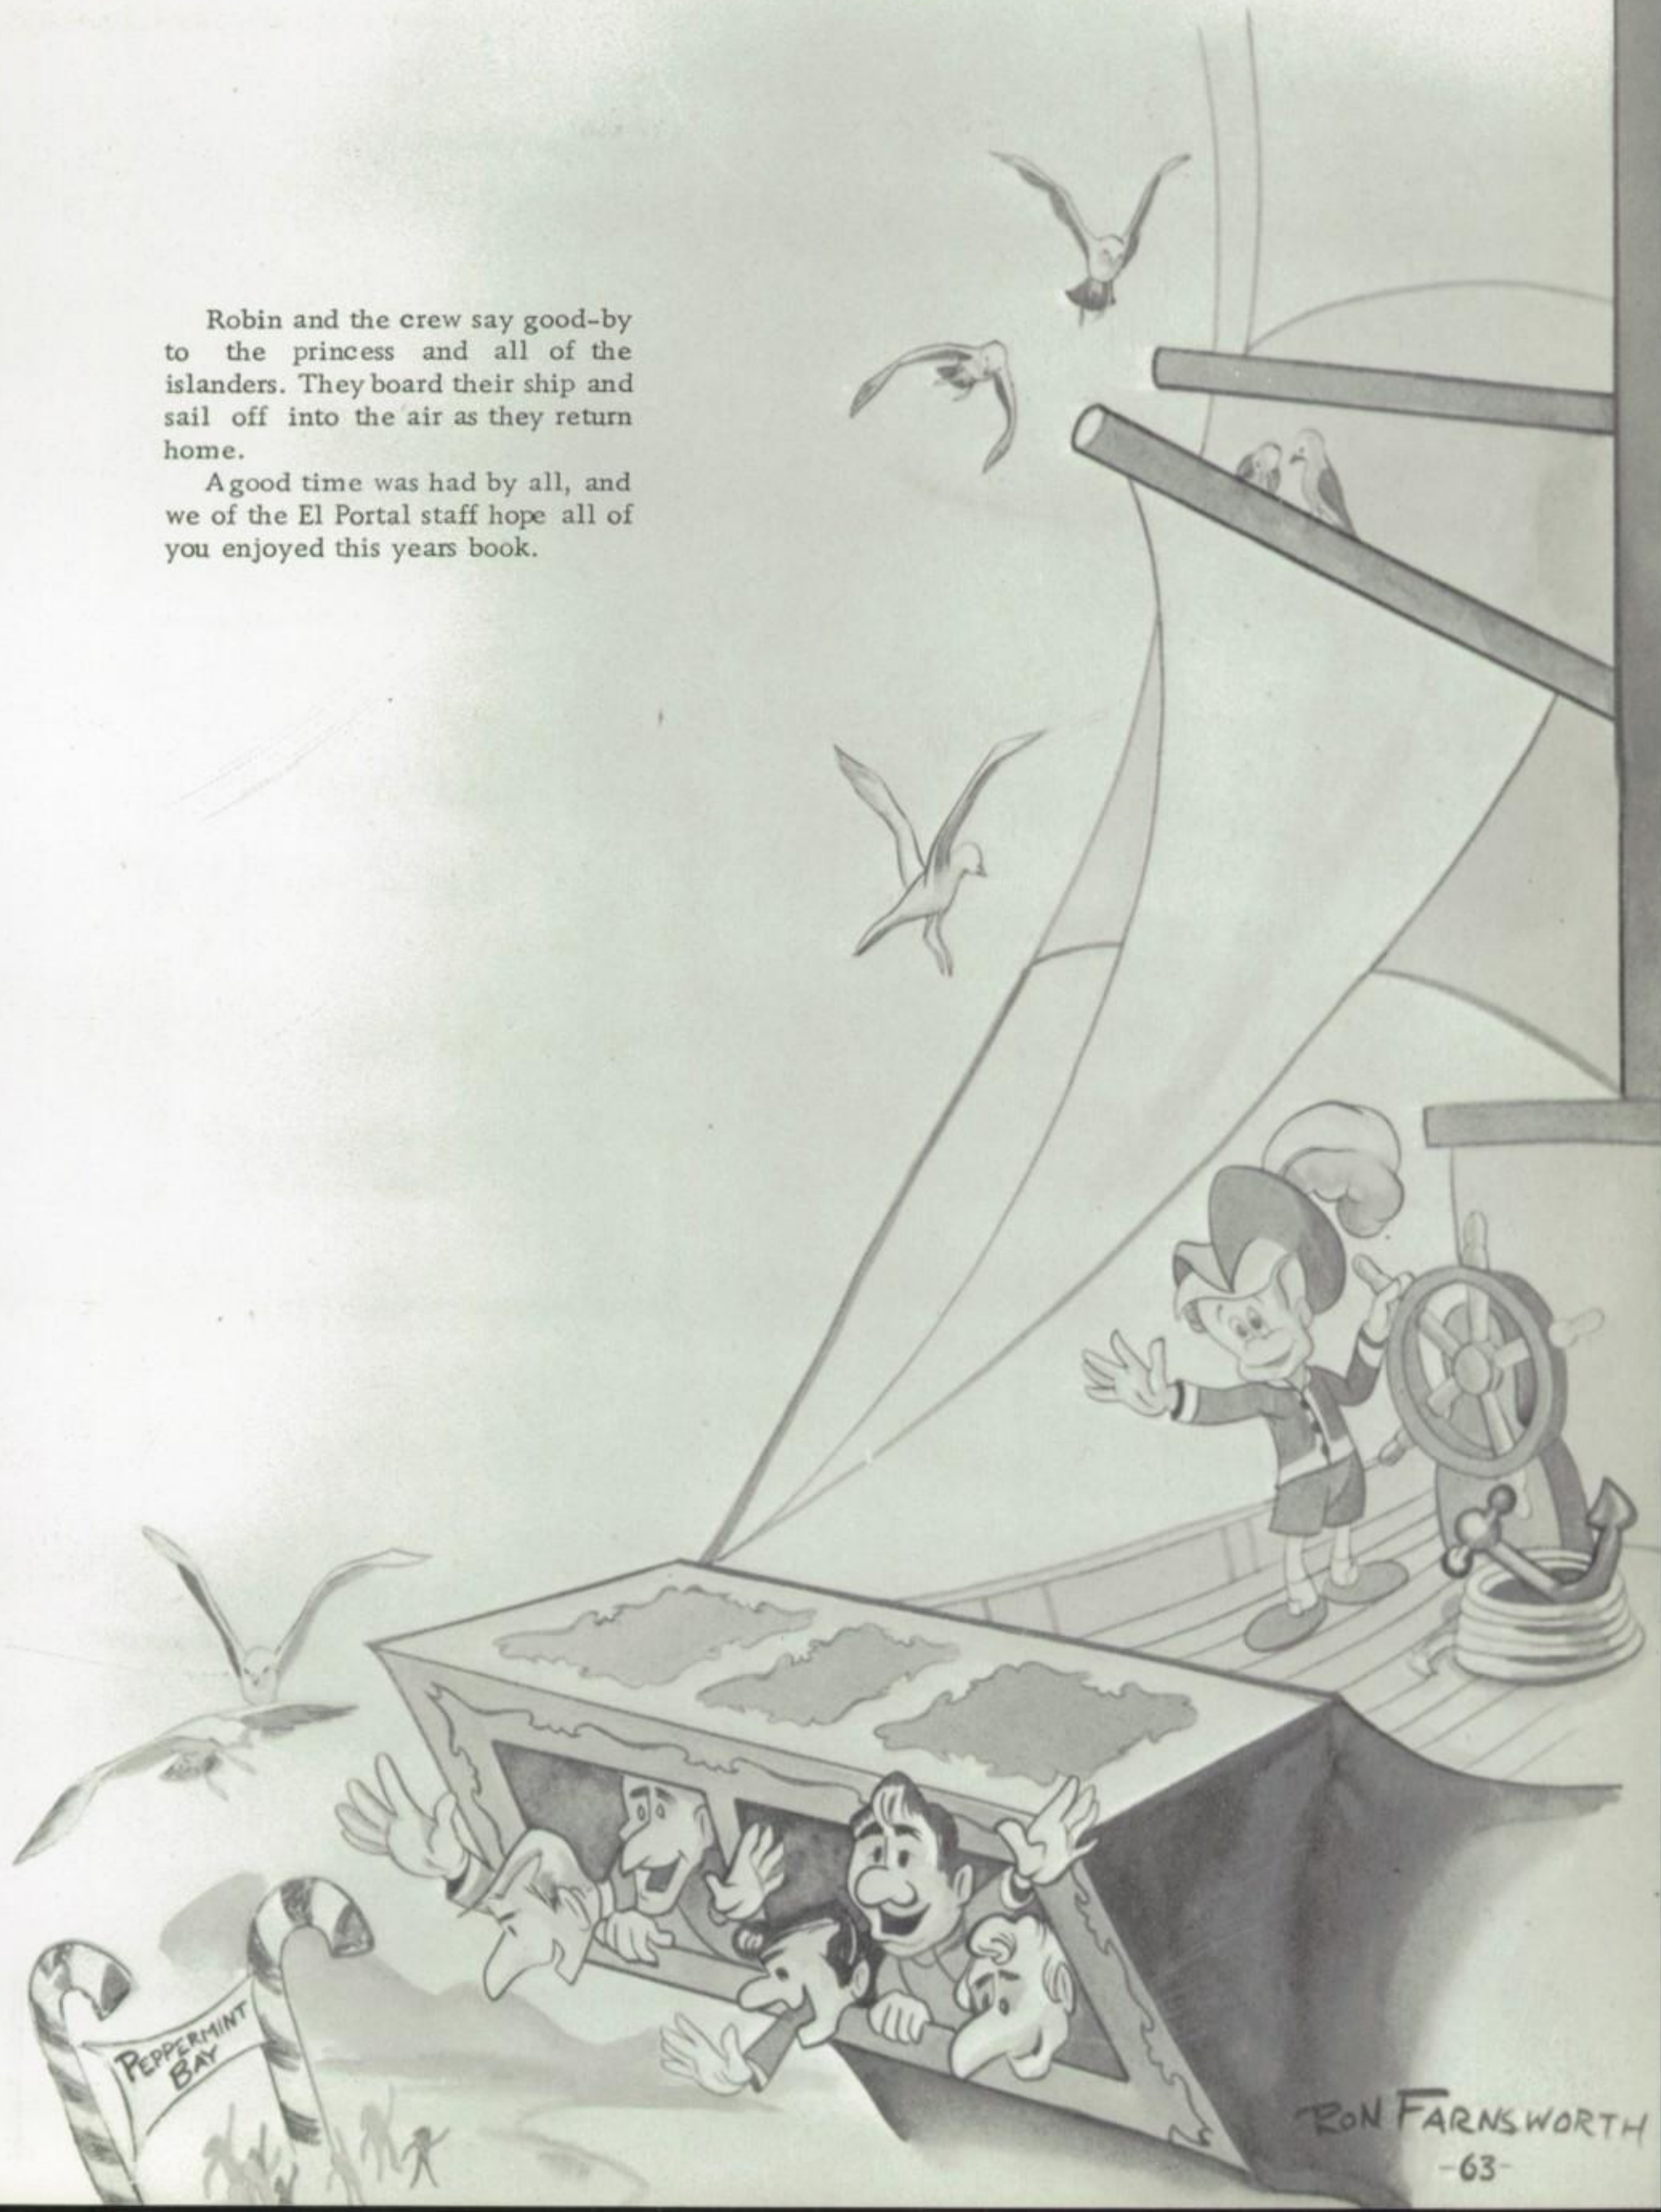

He wishes for the Princess to return. There appears a brilliant glow and the princess stands before the crowd.

Everyone leaves forbidden forest and returns to Peppermint Bay.

MEMORIES

Robin and the crew say good-bye to the princess and all of the islanders. They board their ship and sail off into the air as they return home.

A good time was had by all, and we of the El Portal staff hope all of you enjoyed this years book.
